Interrelationships with State Health and State Vocational Rehabilitation  
Agencies and with Title V Grantees

The following is a description of the cooperative arrangements with the State health and State vocational rehabilitation agencies by means of which the services administered or supervised by those agencies will be utilized to the maximum degree and will be coordinated with the medical care and services provided by the State agency under the Plan.

- a. Reciprocal referral services;
- b. Exchange of reports of services;
- c. Coordination of plans for the individual;
- d. Joint evaluation of policies that affect the cooperative work of the agencies;
- e. Joint planning for any changes that may be needed to achieve the joint goals;
- f. Continuous liaison; and
- g. Designation of staff responsible for carrying out liaison activities at State and local levels;
- h. Regular meetings will be scheduled at three month intervals.
